

EARLY CHILD FIND

Do you have a child who may need special help
in speech, motor skills or other developmental areas?

San Juan Island School District can schedule screening for children who are aged birth through five years including homeless/temporarily housed children to screen development in motor, communication, or adaptive skills, where there may be a concern.

Please call 370-7801 to make an appointment with Connie Domenech during school hours or e-mail conniedomenech@sjsd.wednet.edu.

Services are available through San Juan Island School District, for infants or children who have a developmental delay.

Early intervention has been proven to be beneficial.
