Letter from the Principal

Friday Harbor high school students have encountered multiple obstacles this school year. However, they have prevailed, and their hard work is demonstrated in the graph below. 68% percent of students have passed all their classes with a C- or better. We haven't seen this level of academic achievement since the 2018-19 school year. Congratulations students!

Our School Improvement Plan goal is to continue to increase the percentage of students getting C- grades or better to at least 71% by the end of the 2nd semester. Keep working hard on your studies students - You can do it! As a reminder, there is someone to help with your schoolwork in the library after school every single day.

A few weeks ago, four of our high school band students competed in the state regional solo and ensemble competition in Bellingham.

Congratulations on a job well done to Vincent Huerta, Natalie Morton, Aaron Vliet and Georgia Keune. A special congratulations to Vincent Huerta, who will now be competing at the state level with the baritone saxophone.

We look forward to Spring sports which will begin on February 28. Also, the theater students are working hard to prepare for the play Footloose. The play will run Thursday, March 24 through Sunday, March 27. We hope to see you all there!

Finally, you all deserve a much-needed respite, and the mid-winter break is right around the corner (Feb 21-25). Enjoy!

Our 11th grade students are well on their way to enriching our community with their junior Community Projects. Toy drives, planting trees and peer mediation are to name a few of the amazing projects the juniors have embarked on.
