Mobile number:	
Email address:	

Consent

- I consent to the testing of my student for COVID-19 rapid antigen testing with a shallow nose swab. COVID-19 testing may be offered to students in the following circumstances: (1) To participate in athletic competition; (2) if my student develops new symptoms of COVID-19 at school; (3) if my student is exposed to COVID-19 in a school group and the local public health department recommends testing; (4) if my student is waiting to return to school once symptoms have improved.
- I consent to have rapid antigen testing, BinaxNOW, self-administered under the observation of trained school personnel.
- I understand that, as with any medical test, there is the potential for a false positive or false negative COVID-19 test result.
- I understand that if the antigen test result is positive, I agree to obtain confirmation with a PCR test through a healthcare provider, or quarantine for 10 days and improvement of symptoms.
- I understand this testing does not replace treatment by my student's healthcare provider, and I assume complete responsibility to seek medical advice if symptoms of COVID-19 develop or worsen regardless of test results.
- I understand that my test results, whether positive or negative, will be disclosed to San Juan County Health and Community Services.
- I understand that I may withdraw my consent to participate in testing at any time.

Parent/Guardian Signature
or student (18 years or older)
