OVERVIEW

This handbook has been prepared to help you make safe and effective decisions in an emergency situation. These are *general* procedures only and should be “tailored” to fit the given situation. In any emergency, notify the building principal/designee and get assistance as quickly as possible.

STAY CALM – USE COMMON SENSE

PRE-EMERGENCY PLANNING

CHECKLISTS

EMERGENCY EQUIPMENT

OFFICE KIT:

- Small hand held fire extinguisher
- Powered radio (that will work) cranking
- Particle Masks - dust mask
- Duct Tape
- Zip Ties
- Gloves - surgical and work
- Garbage Bags
- Bull Horn (1)
- Mylar Blankets (10)

GO BOX:

- Designated first aid kit
- List of phone numbers (students and staff K-12 - all administrators have the same list) - (what is needed to run the office and reunification)
- Emergency Health Plans
- Office Manager/Principal Laptop
- Flashlight
- Student Medication (including Epi-pen)
- Sharpies
- TP
- Wet Wipes
- Sunscreen
- Batteries

CLASS BACKPACKS

- Class lists
- Sign in and out sheets
- Red & Green cards for communicating if there are missing students or not

PRINCIPAL'S BACKPACK

- Extra work clothes - shoes
- K-12 staff and student phone list
- 12+ hour personal needs
- Emergency Health Plans

CHECKLISTS cont.

EXTRA STORED KIT (at each site):

- Stretchers
- Water
- Food (Central Kitchen only)
- Emergency Lighting
- Crutches/Wheelchair
- Toilet Paper
- Shovel
- Pop Up Tent

EMERGENCY CONTACT SYSTEMS

Community Emergency Contacts

- Sheriff - (360) 378-4151 (or 911)
- Fire - (360) 378-5334 (or 911)
- OPALCO - (360) 376-3599
- Peace Health Hospital - (360) 378-2141
- Rock Island - (360) 378-5884
- CPS – (800) 223-8145 (or 211)
- Poison Control Center - (800) 222-1222
- Suicide Prevention Hotline - 1 (800) 273-8255
- SAFE San Juan (DVSAS) - (360) 378-2345
- NWRDC - Katy McCord Student Information Systems Manager - (425) 349-6498

Emergency District Contacts (Home and Cell) (Spouses or Partner Name) - *CREATE LIST for Equipment kits*

- Administrators
- Office Managers
- Custodians
- Maintenance
- Cafeteria
- Transportation
- Nurse

Chain of Contact - *CREATE LIST for Equipment kits*

- Who do we call, when, and who call if there is no answer.
- After hours
- During school hours
- During a weather Issue
- Snow - rerouting pathways (snow map) - shovels in each building

Chain of Command (the decision making process)

- In an emergency affecting a single school building, directions will be given by the building principal/designee. All information and request for aid will be from the school site.
- In an emergency involving two or more buildings, the Superintendent/designee will give direction and/or coordination.
- In the absence of district direction, the building principal/designee is authorized to act as needed. Employees may be temporarily reassigned as necessary.

Command Post

- In the building - Building Office
- Evacuating - On the Field
- Two or more buildings - District Office

EMERGENCY TEAMS

In-School Incident

The First 5 Minutes - Available staff come to building office to assist as needed

Who to contact?

- Prior to calling 911 if possible alert admin
- 911- contact the office
- Specific family members
- Administrative team

The First Hour - What information to share?

- How will this be handled in the building?
- Mental Health Support
- Student Support - Siblings - Class
- Staff Support
- District Support

The First 12-24 Hours - How to communicate within the community?

- Mental Health Support
- Communication (with family permission)
- Parents
- Students
- Staff

School/Student Crisis Plan

The First 5 Minutes - Who to contact?

- Prior to calling 911 if possible alert admin
- 911- contact office
- Specific family members
- Administrative team

The First Hour - What information to share?

- How will this be handled in the building?
- Student Support - Siblings - Class
- Staff Support
- District Support

The First 12-24 Hours - How to communicate within the community?

- Mental Health Support
- Communication (with family permission)
- Parents
- Students
- Staff

The First Week – Debrief

PRESS COMMUNICATIONS

The **Superintendent's Office** is the only authorized source of information for the press. Ensure that all press inquiries are redirected, accordingly.

STANDARD RESPONSE PROTOCOLS FOR ALL EMERGENCIES

LOCKOUT

LOCKDOWN

EVACUATE

SHELTER

Lockout!	Lockdown!	Evacuate!	Shelter!
<p>Is followed by the Directive: "Secure the Perimeter" and is the protocol used to safeguard students and staff within the building.</p> <p>Students:</p> <p>Maintain quiet. Move into a building.</p> <p>Teachers:</p> <p>Move all students into a building. Close door. Maintain quiet class. Continue to use building communication systems. Take roll and account for students.</p>	<p>Is followed by "Locks, Lights, Out of Sight" and is the protocol used to secure individual rooms and keep students quiet and in place.</p> <p>Students:</p> <p>Move away from sight. Maintain silence</p> <p>Teachers:</p> <p>Close and lock door. Lights out. Move away from sight. Maintain silence. Wait for First Responder to open door. Do not rely on building communication systems (fire alarms). Take roll, account for students and e-mail office manager / principal.</p>	<p>Is always followed by a location, and is used to move students and staff from one location to a different location in our out of the building.</p> <p>Students:</p> <p>Leave Bags/Take coats (if time allows) Form a single file line. Be prepared for alternatives.</p> <p>Teachers:</p> <p>Take emergency backpack. Take class list. Lead students to evacuation location. Take roll and account for students.</p>	<p>Is always followed by the hazard and a safety strategy and is the protocol for group and self-protection. Move to the identified space.</p> <p>Students:</p> <p>Move to appropriate space. Drop, cover and hold (earthquake). Maintain calm.</p> <p>Teachers:</p> <p>Move to identified space. Maintain quiet class. Continue to use building communication systems. Take roll and account for students.</p>

LOCKOUT PROCEDURES – CODE YELLOW

A lockout is called when there is a threat or hazard **OUTSIDE** of the school building. Whether it's due to violence or criminal activity in the immediate neighborhood, or a dangerous animal on the playground. Lockout uses the security of the physical facility to act as protection.

Contact the main office to report any perceived danger

Administrators or law enforcement will make the decision to move to a lock down if needed.

Lockout Response – Code Yellow

RESPOND TO LOCKOUT ALERT: "OUR SCHOOL IS IN CODE YELLOW"

- Teachers with students in outdoor areas move indoors
- Direct any students in the hallway to return to class (do not leave building)
- Administrator LOCK perimeter doors - Post signs
- Teachers close classroom windows
- Instruct students to stay calm
- Continue classroom activities in an uninterrupted manner

ASSESS SITUATION

- Take roll of all students in your supervision/in your classroom at the time
- Communicate attendance/any missing students to office.

CARE FOR THE STUDENTS IN YOUR SUPERVISION

- Continue to teach class
- Reduce student movement out of classroom

CAMPUS MOVEMENT

- Students will not move from or to buildings without administrative direction or supervision
- Students will not change classes/rooms without administrative direction or supervision

"ALL CLEAR" COMMUNICATION WILL OCCUR OVER THE INTERCOM

Recovery from Lockout

- RESUME NORMAL OPERATIONS as soon as possible
- Allow students time for physical activity and/or verbal stress relief
- Communicate only confirmed information to students (expect an email from administrators)
- Provide feedback to administrators to improve, participate in debriefing

LOCKDOWN PROCEDURES – **CODE YELLOW**

A lockdown is initiated to isolate students and staff from immediate dangers which may include armed intruders, violent behaviors, suspicious trespassers, on-campus shootings, bomb threats, other dangers, or nearby police activity.

Lockdown Response – **Code Yellow**

Contact the main office to report any perceived danger

Administrators or law enforcement will make the decision to lock down the school.

ANNOUNCEMENT FOR LOCKDOWN ALERT: "OUR SCHOOL IS IN CODE YELLOW"

Teachers with students in outdoor areas move indoors *IF SAFE TO DO SO*

SWEEP any students in the hallway into your room

LOCK classroom doors

CLOSE windows and blinds, COVER exposed windows, turn off lights

Instruct students to stay calm, stay quiet, stay low, stay out of sight

Do not open your door for any reason until "all clear" is received

Fire alarm does not mean an all clear/evacuate (use best judgment)

Do not use the telephone system to request information

COMMUNICATE KNOWN THREATS to office by email (i.e. "intruder near library")

Report any missing students, staff, or visitors to responding personnel to office

ASSESS SITUATION:

Inventory any injuries or other problems (panic, medical emergencies, intruders)

Take roll of all students in your supervision

Place a red card under your door and on the window if something is wrong

Place a green card under your door and on the window if the room is safe

Write your needs or problems on the card if possible (e.g. 2 minor injuries)

If no card is visible, law enforcement will assume the room is not safe and will enter

Take a complete written roll of all students in your classroom

CARE FOR THE STUDENTS IN YOUR SUPERVISION:

Provide first aid. Calm and reassure upset students.

Use supplies in your emergency kit as needed and necessary

"ALL CLEAR" COMMUNICATION WILL OCCUR IN PERSON

Do not open door or look out windows until "ALL CLEAR" is communicated in person (responders will have keys).

Report any missing students, staff, or visitors to responding personnel to office

Recovery

Assess the need for aftercare or counseling by students in your care

Contact front office with names/numbers of students who need immediate counseling

RESUME NORMAL OPERATIONS as soon as possible

Allow students time for physical activity and/or verbal stress relief

Communicate only confirmed information to students (expect an email from administrators)

Provide feedback to administrators to improve, participate in debriefing

ACTIVE SHOOTER – **CODE BLACK**

Run, Hide, Fight! This is a response protocol to an active shooter/violent intruder on site. OODA Loop - Observe - Orient - Decide - Act: Use your mental toolbox and think about what you would do!

Run, Hide, Fight – **Code Black**

RESPOND TO SOUNDS OR REPORTS OF VIOLENCE or to alert for **CODE BLACK**

RUN Run away from the sound quickly

Find a secure location

Work back to the reunification site

HIDE Find a place to hide

Out of sight - behind things

LOCK doors

CLOSE windows and blinds, COVER exposed windows

Turn off lights

Instruct students to stay calm, stay quiet, stay low, stay out of sight

Silence Cell Phones - not even vibrate

BARRICADE the entry way

Do not open your door for any reason. A first responder/administrator will unlock the door.

Fire alarm does not mean an all clear/evacuate (use best judgment)

Do not use the telephone system to request information

FIGHT This is the last resort

What you could use as a weapon and FIGHT

Do not stop - Fight for your life

Make a decision and go with it!

- What can you throw?
- What can you use? Pen? Fire Extinguisher?

Do not seek out the shooter/violent intruder

ASSESS SITUATION

Inventory any injuries or other problems (panic, medical emergencies, intruders)
Take roll of all students in your supervision/in your classroom at the time
Communicate attendance, injuries, and known threats to office manager/principal by email.

CARE FOR THE STUDENTS IN YOUR SUPERVISION

Provide first aid. Calm and reassure upset students.

"ALL CLEAR" COMMUNICATION WILL OCCUR IN PERSON

Do not open your door for any reason. A first responder/administrator will unlock the door (responders will have keys).

FIRE IN SCHOOL BUILDING – CODE RED

The alarms will be activated by smoke and heat. The alarm may also be activated by pull stations - suspecting or discovering a fire.

Site Admin/Office Staff: Notify administration via radio. Notify Superintendent's Office 378-4133.

Evacuate the area IMMEDIATELY – move upwind.

Classroom Teacher: Have students grab coats if they are easily accessible and immediately exit the building following your classes prescribed evacuation route.

Students should move in a single file line as a class. Stop to allow classes ahead to exit before your class.

All classes should be brought to the North Fields in an orderly manner.

- Designate a LEAD student to exit the class out of the room (If there are two adults one leads and one follows)
- If one adult the teacher should be the last person exiting the room
- LEAD student grabs clipboard and emergency backpack
- Ensure that all students have left the room, door closed, unlocked
- Upon arrival at the field please take roll and notify office manager of missing or unaccounted for students
- Teachers without students (prep period teachers, OASIS teachers), help check common spaces, evacuate the building and assist office staff at field.
- Keep students lined up on the field until the all clear signal or other directions are given

Support and Specialist Teachers

- Evacuate with any students in under your supervision
- Reunite with classroom teacher for roll (if a pull out situation)
- If teacher has no students provide assistance to office staff
- Paraprofessional and other support staff (including those not assigned to a student)
- Remain with assigned student or class or report to office staff to provide assistance
- Building Principal/designee accounts for students and staff outside building.
- Building Principal/designee meets fire department and directs them to fire.
- No re-entry into building until authorized by Principal/ designee.

EARTHQUAKE – *CODE RED*

During the Shaking

- If **indoors** – **STAY indoors** until the shaking stops. Stay away from windows and glass.
- **Drop** under or next to sturdy furniture, **Cover** your head and **Hold** on to the furniture. If possible, move against an inside wall, without windows.
- Students and staff in hallways and gym should take cover by crouching along the wall and covering their heads with their hand and arms
- **If outdoors, STAY in the open.** Move away from buildings, trees and electrical wires or anything that may fall on you.
- Do not run through or near buildings where debris could fall on you.

After The Shaking

- Check for injuries. Do not attempt to move the seriously injured unless they are in immediate danger of further injury.
- Evacuate the building.
- Students should take coats (if available) and immediately exit the classroom and evacuate the building following the fire evacuation plan as outlined above for fire with the following exceptions:
 - Use alternative routes if main route is blocked
 - Be cautious of falling debris as leaving the building

- Be cautious of walking under the covered play area and through the evergreen trees
 - Upon arrival at the field please take roll and notify administrator of missing or unaccounted for students.
 - Write down names of the missing to hand to admin
-
- Keep students calm and grouped together. Stay out of the building until the principal/designee indicates it is safe to re-enter. Be prepared for after-shocks. They often occur within a short time of the initial shocks
 - Site Admin/Office Staff: Notify administration via radio.
 - The Building Principal/designee will determine if the building is to be permanently evacuated. If the building is weakened in any respect, classes one at a time carefully through exits judged safest.
 - A designee will shut off all utilities. Notify Building Principal/designee of any potential danger such as electrical, gas, water leak.

TSUNAMI – *CODE RED*

DROP! **COVER!** **HOLD ON!**
Protect Yourself During Earthquakes

The illustration is divided into three panels. The first panel shows a person dropping to the ground. The second panel shows a person crawling under a table. The third panel shows a person holding onto the table legs.

GO TO HIGH GROUND!
The Shaking is Your Tsunami Warning

The illustration shows a large, stylized tsunami wave on the left and a person running up a steep cliff on the right.

STAY THERE!
Tsunami Waves May Arrive for Hours

The illustration shows a group of three people (two adults and one child) standing on a cliff edge, looking out at a large tsunami wave.

TOXIC CHEMICAL EVENT & HAZARDOUS MATERIAL SPILLS

Shelter-in-Place. **CODE YELLOW** Protects students and staff by keeping them **inside the school building** while preventing toxic or hazardous chemicals from entering. During this procedure, roles and responsibilities for staff and students are clearly defined below.

Shelter-in-Place Procedures:

- Everyone reports to his or her assigned classroom as quickly as possible.
- Close and lock all classroom doors and windows.
- Students not in the room are to report to the alternate shelter site.
- Tape around doors, windows, and vents or place wet towels at bottom of door.
- Turn off pilot lights, air conditioners, and exhaust fans.
- Close drapes/blinds and stay away from windows.
- Take roll, IMMEDIATELY inform office if you are missing or have extra students.
- Do NOT allow ANYONE to leave the classroom.
- Wait for further instructions.
- Do NOT open doors or windows until "all-clear signal/announcement is given.
- Do NOT evacuate the room until told to do so by principal/designee.
- When you evacuate, OPEN all windows and doors to air out the room.

HOSTAGE SITUATION – **CODE BLACK**

A Hostage Situation occurs when one or more individuals use a weapon, the threat of a weapon, or the threat of violence to hold or move persons against their will.

If you are NOT a hostage:

- If you are outside, move students away from the building to the assembly area and be prepared to move off-site if necessary.
- Implement Lockdown or Evacuation as appropriate.
- If you have a safe means to do so, notify the administrator and call 911. Provide as much information as possible.
- Try to keep students calm and quiet.
- Follow directions given by the administrator and responding public safety officials.
- If you are instructed to follow Lockdown procedures, be prepared to Evacuate when instructed to do so by public safety officials. Public safety officials will enter your room/office area with a master key.

If you ARE a hostage:

- Do not attempt to negotiate with a hostage-taker.
- Do not make suggestions to a hostage-taker. You may be blamed for resulting problems.
- It is generally not advisable to attempt to disarm a hostage-taker or to try to escape.
- Try to remain calm and keep the students under your care as calm and quiet as possible. Ask permission from the hostage-taker(s) prior to taking any action.
- Try not to make any unexpected or sudden movements.
- Follow instructions given by responding public safety officials.
- Do not point out law enforcement officers if you become aware of their presence.
- If a law enforcement rescue attempt is made, listen to what officers instruct you to do and do it immediately.
- Remember, most people who are taken hostage survive; and most injuries and deaths in hostage situations occur within the first minutes of the situation. The longer the situation lasts, the greater the odds that you will survive.

DANGEROUS WEAPONS ON SCHOOL PREMISES – CODE BLACK

It is a violation of district policy and state law for any person to carry a firearm or dangerous weapon on school premises, school-provided transportation, or areas of other facilities being used exclusively for school activities.

If staff observe anyone, student or otherwise, displaying or concealing a dangerous weapon on the school campus he/she **MUST** report it **IMMEDIATELY** to the Principal.

Administrative Procedures:

The Principal or other administrator will follow these steps in response to any report of dangerous weapons.

- Investigate the report**
- If needed, INITIATE LOCKDOWN USING CODE BLACK**
- Call 9-911**
- Secure the situation**
- Building Principal/designee to contact Superintendent**

BOMB THREAT- **CODE YELLOW** OR **CODE BLACK**

Treat every bomb threat as a potential danger to human life. **Check and document every threat.**

Prior Planning:

Be certain school office personnel understand procedures to be followed. Keep *Bomb Threat Checklist* (next page) near telephone and ready for use.

Middle school and high school students who answer phones **MUST** be trained by office personnel to know what questions to ask; in the event a staff person is not available. (Use *Bomb Threat Checklist*)

In the Event of a Threat: **CODE YELLOW OR **CODE BLACK****

- Don't hang up the telephone. Try to keep caller on the line and obtain as much information as possible. Use Bomb Threat Checklist (see next page).
- Office personnel advise Building Principal/designee or Superintendent immediately.
- Building Principal/designee IMMEDIATELY phone 911.
- Notify Superintendent. 378-4133
- Building Principal/designee and law enforcement officers decide whether or not the building should be evacuated.
- If building is evacuated, use normal fire drill procedures. Do not announce that the evacuation is due to a bomb threat. Every precaution should be taken to avoid any panic, which could bring injury to students.
- Turn over scene to law enforcement/fire department for investigation.

If a Bomb or Suspicious Device is Found: **CODE YELLOW OR **CODE BLACK****

- Do not touch the device in any way.
- Evacuate and seal off the area.
- If outside, Shelter-in-Place as far away from the suspected device as possible or evacuate the grounds.
- Call the Sheriff's Office (911), indicate that a device has been found.
- Wait for a trained squad to examine and dispose of the device.

POWER OUTAGES

- Turn off and unplug all electronics. Do not start until power has been fully restored.
- The building principal should contact the District Office for anticipated length of the outage and other information. (The District Office will contact necessary agencies.)
- Wait to hear from administration regarding next steps
- Phone Tree may be activated for parental notification and possible student pick up
- Unless a power outage is designated as an emergency, students will only be released to their primary and secondary contact. (NOT emergency contacts)
- Place e-lanterns in restrooms and any darkened hallways.

In case of power outages or other conditions that make early release necessary, children will **NOT** be released until positive contact has been made with parents.

COMMUNICATIONS FAILURE

A communication failure is caused by an event or disaster that precludes normal on-going communication either for 9-1-1 emergencies, district-wide, locally or globally. The purpose of this guide is to enable people to communicate as quickly as possible with other district personnel to ensure the safety of staff, students and community members at school sites.

- If telecommunications fail completely, building principal/designee will assign a “runner” from the staff to send information.
- Staff may use their cell phones as a potential back up plan.
- Radios in the school office and on the busses will be utilized.
- A 9-1-1 check is done as part of the monthly Fire Drill.

INCLEMENT WEATHER/EMERGENCIES

Snow or other inclement weather (windstorms, ice storms, etc.)

- If inclement weather conditions occur during the night, an established district plan goes into effect to determine if school scheduling will be affected.
- If school operation is affected, district administrators will be called early in the morning using the phone tree.
- Television and radio stations will be notified by transportation staff utilizing (See Emergency Information sheet)
- If weather conditions worsen during the day, the Superintendent/designee will decide whether to dismiss early. Closures of this type are infrequent.
- In case of windstorms, power outages or other conditions that make early release of children necessary, it is the standard practice of the San Juan Island School District that children will NOT be released until positive contact has been made with parents.

Other special conditions on an individual school basis – (school heating fails to function properly; loss of power/light to individual school; flooding or damage to all or part of individual school; natural gas build-up, etc.)

- Notify the building principal or designee. The administrator notifies Maintenance.
- Maintenance will examine the particular situation and make contact with OPALCO, San Juan Island Fire and rescue, etc.
- Superintendent/designee will make decision whether to open or close. Building principals inform staff/students of accommodations or arrangements.

ACCIDENTAL INJURY TO STUDENTS/STAFF/VISITORS

The first adult on the scene should take responsibility for following these procedures until the building administrator, school nurse and/or 911 assistance arrive.

Building Principal/Designee will:

- If appropriate, call 911.
- Phone parent/guardian of student, supervisor and spouse/relative of employee or injured visitor.
- After the injury is contained, ensure all necessary forms are completed (See Appendix v. Forms)

For Injuries Affecting Multiple People

- Immediately phone aid car (911) if necessary. Be able to answer the following:
 - Number of people injured;
 - Number with minor injuries, who can be tended by first aid on site;
 - Number with serious injuries who will need on-site treatment beyond abilities of first aid trained personnel;
 - Number with serious injuries who will need transportation to hospital;
 - Number of employees on site with current first aid training.
- Stay at scene and inform help as it arrives as to those needing treatment
- Assign employees trained in first aid to be available if needed by medical emergency specialists;
- Report to building principal/designee.
- After the situation is contained, ensure all necessary forms are completed (See Appendix v. Forms)

SEXUAL ABUSE

Sexual Assault – Assault On or Near School Grounds

- Notify building principal immediately. Building principal or designee should accompany victim to safe place at school and remain with victim.
- Protect evidence of sexual assault:
 - DO NOT DESTROY EVIDENCE OF RAPE
 - DO NOT WASH clothes or victim's body or underwear;
 - DO NOT ALLOW victim to wash or wipe body;
 - STAY with victim and reassure him/her of safety.
- Building principal or designee shall notify police (911), counselor, Child Protective Services (866-829-2153) and the superintendent without delay.
- Document all facts. (Follow District Policy)

Sexual Abuse (suspicion of past sexual incidents)

- Notify building principal immediately;
- Building principal/designee shall notify Child Protective Services, (866-829-2153) and describe evidence. DO NOT notify family – it is the responsibility of Child Protective Services to notify appropriate parties.
- Document all facts. (Follow District Policy)

Suspected Physical Abuse or Significant Neglect

- Notify building principal immediately.
- Building principal may notify school nurse and/or counselor.
- Building principal or designee shall determine whether further action is warranted.
- Follow District Policy. Forward a copy to DSHS/CPS within 48 hours.

REMEMBER: Failure to report even *suspected* child abuse within 48 hours is now a gross misdemeanor. Protect the victim and protect yourself.

Call Child Protective Services (866-829-2153).

ASSAULT/PHYSICAL VIOLENCE

Serious assault at school or nearby

School personnel should adhere to the following:

- Render first aid to victim, if needed;
- Call 911
- Notify building administrator/designee;
- Building administrator will notify parent/guardian or emergency contact person.
- Building administrator/designee must sequester primary witnesses to complete all related data in writing on Incident Report.
- Obtain as much information as possible regarding the assailant and incident (including location of attack, color of assailant's clothing, and witnesses).
- Notify the Superintendent's office of the incident (378-4133).

Interview of child by Child Protective Services (CPS) or Law Enforcement at school Guidelines

- The CPS caseworker or law enforcement officer must contact the principal/designee and present identification;
- The CPS caseworker or law enforcement officer will make known to the principal/designee the name of the child to be interviewed;
- The interview must take place in a private setting. (A non-threatening setting in which the child feels comfortable.);
- The CPS caseworker or law enforcement officer will conduct the interview;

Procedures for removing a child from school

In the event a law enforcement officer decides to remove the child from school, follow the following procedures for the child's protection.

- Contact the school principal/designee
- Ensure that the Officer presents appropriate identification to the principal/designee
- Share appropriate information and facts concerning the alleged abuse
- Law enforcement officers may remove students from school without a court order. CPS workers must have a court order.
- Sign Protective Custody Statement before leaving the building with abuse victim. This form is to be provided by the removing agency.
- CPS or law enforcement official shall notify the parent. An effort should be made by school personnel to verify that such notification has been made. Refer the parents or guardian to the agency responsible for the child's removal if questions arise.
- The principal shall send the signed Protective Custody Statement with the CPS report to the school nurse. DO NOT place the Protective Custody Statement in a child's cumulative record.

CRIMINAL ACTIVITIES

Arson suspected

- Notify building principal/designee;
- Call the Sheriff's Office (911);
- Do not clean up the arson area or make repairs until authorized by the building principal/designee;
- Re-route all personnel around the arson area;
- Write down the names of anyone having information.

Arson in progress

- Assess situation – if action is required, sound fire alarm (for smoke or fire).
- Write down all available information:
 - Physical description of perpetrator
 - Vehicle description
 - License number of vehicle (if appropriate)
- Notify building principal/designee.

Burglary in progress

Do not attempt to apprehend the burglar(s). If possible, do not allow the burglar(s) to become aware that you have seen them.

- Call the Sheriff's Office (911).
 - Write down all available information:
 - Physical description of perpetrator
 - Vehicle description
 - License number of vehicle (if appropriate)
- Notify building principal/designee.

Vandalism in progress

- If students are involved, attempt to stop or prevent further vandalism. Call 911. Get help if necessary.
- If adults are involved, do not attempt to apprehend them. Call 911.
- Do not clean up the area or make repairs until authorized by the building principal/designee.
- Re-route personnel around the vandalized area.
- Write down the names of anyone having information.

Theft of equipment or building keys

- Notify the building principal/designee immediately of item(s) missing.
- Building principal/designee will notify Maintenance (if applicable).
- Prepare a list with the following information:
 - What is missing? Include model #, serial #, etc.
 - When last seen?
 - When item first discovered missing?
 - Who discovered the loss?
- If keys are stolen or lost, list the following additional information:
 - To whom were the keys issued?
 - What rooms or areas did the keys control?
 - What, if anything, identifies the key ring and/or keys?

RIGHTS OF DIVORCED/ESTRANGED PARENTS

IF SITUATION IS VOLATILE, CALL 911

VISITING/RELEASE TO THE NON-CUSTODIAL PARENT

The student is not permitted to visit or be released to anyone, including the non-custodial parent during school hours, without the approval of the custodial parent/ guardian, or an appropriate public authority and/or clear legal documentation. **Parents are encouraged to make sure that legal issues are resolved and non-custodial parents are informed if their access is limited at school.** When in doubt as to custodial rights, school information/enrollment records must be relied upon as the parents/ guardians have the burden of furnishing schools with accurate, up-to-date information, including clear administrative or court documents prohibiting a visit/release.

Under board policy (Follow District Policy), the custodial parent is given the responsibility to authorize visits at school and/or release of the student. If the custodial parent wishes the non-custodial parent to have equal responsibility, the school needs to be so informed. The custodial parent is responsible for providing the school with current information on the *student information card*. When administrative or court action denies access and/or visitation rights to a parent or individual, the custodial parent is expected to notify and provide clear documentation of that denial to the school.

In the absence of directions on the information card, or other documented verbal or written directions permitting a school visit/release, the school should attempt to contact the custodial parent and/or the emergency contact for the child and seek direction for the visit/release.

In the event of a dispute between the custodial and non-custodial parent the steps below will be followed:

The building principal or designee shall explain to the non-custodial parent that the custodial parent has denied permission for the visit and/or provided clear legal documentation that denies the non-custodial parent access to the child at school. The individual should be referred to the custodial parent and/or law enforcement to resolve the dispute.

The building principal or designee shall allow the non-custodial parent visit/release rights when:

- The custodial parent agrees to the visit/release and/or comes to the school and has the child brought to the office for the visit/release, or;
- The non-custodial parent provides the school with a legal document that clearly indicates to the building principal or designee that the non-custodial parent has the right to visit at school or have the child released. The custodial parent should be advised of the new documentation.
- If the right of the non-custodial parent is not clear, refer the situation to a law enforcement officer to resolve.

To facilitate a visit during school hours, request that the child come to the office. Do not send the parent to the classroom. Explain to the child how the visit will be handled, emphasizing that you will return the child to class when the visit is finished. Provide a place for the visit that can be observed by office staff. Escort the child back to class after the visit.

APPENDICES

BOMB THREAT INFORMATION SHEET

Obtain as much detail as possible about the bomb and its location – legitimate callers usually wish to avoid injury or death. **Ask for more information to save lives.**

Date _____ Time _____ Location _____

Questions to ask the person reporting the threat:

- When is the bomb going to explode?
- Where is it located?
- What does it look like?
- What kind of bomb is it?
- What will cause it to explode?
- Did you place the bomb?
- Why did you place the bomb?
- What is your address?
- What is your name?

Exact wording of the threat (record on paper as soon as possible - **Use the back of this form**)

Caller's Voice (check applicable boxes):

Additional notes:

FIRST AID GUIDELINES

CPR - CARDIOPULMONARY RESUSCITATION

Think C-A-B: Compressions-Airway-Breathing

Start compressions within 10 seconds of cardiac arrest.

Push fast & push hard: 100/min with a depth of 2 inches for children/adults & 1 1/2 inches for infants.

Allow complete chest recoil after each compression.

Give effective breaths that make the chest rise.

YOUR PRIMARY FOCUS is on effective chest compressions not on breathing.

Keep up compressions until additional help arrives. Try to switch with a second rescuer every two minutes.

CHOKING	UNCONSCIOUS CHILD (Not Breathing)	UNCONSCIOUS ADULT (Not Breathing)
<p>If person cannot breathe, cough, talk, or is blue:</p> <p>Give abdominal thrusts and continue until object is expelled.</p> <p>If person becomes unconscious, call 911.</p> <p>Perform CPR until response or EMS arrives</p>	<p>CPR is needed: If you are alone, do a series of 5 sets of 30 compressions and 2 breaths, then call 911.</p> <p>Use an AED if available.</p> <p>Perform CPR until response/EMS arrives.</p>	<p>Call 911, then perform CPR by doing 30 compressions & 2 breaths until an AED is available.</p> <p>Perform CPR until response/EMS arrives.</p>
SHOCK	SIGNS OF A HEART ATTACK	STROKE
<p>If person feels weak, faint, dizzy, nauseous, thirsty, is pale or grayish, acts restless, agitated, or confused, is cold & clammy to touch:</p> <p>Lie person on back. Cover with a blanket and call 911.</p> <p>Do not give anything to drink.</p> <p>Turn on side if nausea/vomiting.</p>	<p>If person has discomfort/pain in chest, arms, back, neck, jaw, shoulder, or abdomen, shortness of breath, cold sweat, nausea or lightheadedness:</p> <p>Keep person calm as possible and resting. They should chew an aspirin if no stroke.</p> <p>Have someone call 911 & be ready to do CPR/AED.</p>	<p>If sudden numbness, confusion, headache weakness of face/arm/leg, trouble speaking, seeing, walking, dizziness, loss of coordination:</p> <p>Keep person calm and resting.</p> <p>Note time started and call 911.</p> <p>Get person to hospital as soon as possible.</p> <p>Be ready to do CPR/AED if needed.</p>

ASTHMA	DIABETIC SEVERE HYPOGLYCEMIA	
<p>If person is having the following symptoms: coughing, wheezing, difficulty breathing, chest tightness, shallow or fast breathing, retraction when breathing:</p> <p>Quick relief medication (inhaler) as appropriate</p> <p>If no relief & symptoms are getting more severe, call 911 and Parent.</p>	<p>If person is shaky, sweating, dizzy, anxious, hungry, extremely weak or fatigued, irritable, or has a fast heartbeat, or blurry vision:</p> <p>Give quick acting sugar source of 15 Gm of carbohydrate:</p> <p>3-4 glucose tablets, 4 oz of juice, 6 oz of regular soda, or 3 tbsp glucose gel</p> <p>Wait 15 minutes then repeat sugar source if blood glucose if less than 80 or symptoms persist.</p> <p>If person loses consciousness, has a seizure or is not able to swallow:</p> <p>Administer glucagon if you have been trained. Have someone call 911 and Parent.</p>	
SMALL CUTS	LARGE, DEEP, GAPING CUTS	HEAVY BLEEDING
<p>Rinse the cut with water.</p> <p>Use direct pressure with gauze or a clean cloth.</p> <p>Apply antibiotic ointment.</p> <p>Cover with a band-aid.</p> <p>Call the Parent to inform of actions taken.</p>	<p>Apply direct pressure to the wound with gauze or a clean cloth until bleeding stops.</p> <p>Cover with a bandage.</p> <p>Call Parent and inform that an evaluation should be done by a Doctor for stitches.</p>	<p>Have someone call 911 while you apply pressure with several pieces of gauze or a clean cloth. Add more gauze as needed.</p> <p>Wrap an elastic bandage firmly over the gauze and continue with direct pressure until the EMS arrives.</p>
SCRAPES	SPLINTERS	PUNCTURE WOUNDS
<p>Rinse with clean, running tap water for 5 minutes to remove dirt and germs.</p> <p>Apply antibiotic ointment.</p> <p>Apply a bandage that won't stick to the wound then call parent.</p>	<p>Remove small splinters with tweezers or splinter-out tool.</p> <p>Wash and apply a bandage.</p> <p>If you cannot remove the splinter completely, inform parent of needed evaluation by Doctor.</p>	<p>Do not remove large objects (such as a knife or stick) but dress the wound to reduce blood flow so long as it does not move the object or damage the tissue further.</p> <p>Call parent/911 for treatment by Doctor.</p>

EYE INJURIES	NOSEBLEEDS	TEETH
<p>If a chemical is splashed in the child's eye: flush gently with water for 15 minutes and call Poison Control or Doctor.</p> <p>If object is stuck in the child's eye call 911.</p> <p>Do not touch, rub, apply medicine or remove the object, but cover with a paper cup or eye shield until EMS arrives</p>	<p>Person should be in a sitting position with head tilted slightly forward.</p> <p>They should apply firm pressure just past the nasal ridge on the nostrils for 10 minutes.</p> <p>Call the Parent.</p> <p>If bleeding continues, or is very heavy, and the Parent has not arrived, call 911.</p>	<p>If permanent teeth are knocked out or broken</p> <p>Apply gauze to control the bleeding.</p> <p>Handle tooth by the top- not the root, and rinse tooth/fragments gently with cold water.</p> <p>Place in water or milk.</p> <p>Transport with child to dentist or with the EMS, ASAP.</p>
FRACTURES & SPRAINS	FAINTING	SEIZURES
<p>If an injured area is painful, swollen, or deformed, or if motion causes pain, the person will need to see a Doctor via EMS or Parent.</p> <p>Wrap in a towel or soft cloth. Use cardboard to make a splint to hold the arm or leg in place.</p> <p>Apply ice or a cold compress wrapped in thin cloth for not more than 20 minutes.</p> <p>If there is a break in the skin or you see the bone, cover area with a clean bandage.</p>	<p>A student may have an Emergency Care Plan for this condition at school.</p> <p>Have person remain lying down until he/she feels normal.</p> <p>Look for injuries caused by the fall and treat them.</p> <p>If the person doesn't improve or stops responding, phone your phone 911/Parent</p> <p>Be prepared to do CPR/AED if needed.</p>	<p>A student may have an Emergency Care Plan for this condition at school.</p> <p>Remove all objects out of the way. Make person as comfortable as possible.</p> <p>Do not put anything in the person's mouth.</p> <p>Loosen any tight clothing.</p> <p>Call 911 for a seizure over 5 minutes.</p> <p>AFTER SEIZURE ENDS: If they are not breathing or blue start CPR/AED.</p> <p>If person is vomiting turn to their side.</p>

ELECTRICAL BURNS	GENERAL TREATMENT OF BURNS	
<p>Make sure the scene is safe</p> <p>Get the First Aid Kit and AED.</p> <p>Call 911.</p> <p>Turn off the main power switch.</p> <p>Stay clear of the injured person as long as he/she is in contact with power source.</p> <p>When it is safe to touch the injured person be prepared to do CPR/AED.</p>	<p>IF BURN AREA IS SMALL:</p> <p>Cool it immediately with cold, but not ice-water. Run cold water on the burn until it doesn't hurt.</p> <p>You may cover the burn with a dry, nonstick sterile or clean dressing.</p> <p>IF THERE IS A FIRE OR A LARGE BURN:</p> <p>Make sure the scene is safe and Call 911.</p> <p>If the person is on fire, put the fire out.</p> <p>Remove jewelry and clothing that is not stuck to the skin.</p> <p>Cover the person with a dry blanket.</p> <p>Check for signs of shock and be ready to do CPR/AED if needed.</p>	
HEAD INJURIES	HEAT EXHAUSTION / STROKE	ALLERGY - STINGING INSECTS
<p>DO NOT MOVE a person who may have a serious head, neck and/or back injury.</p> <p>Call 911 for loss of consciousness or a seizure. Evaluation from a Doctor is needed if this person:</p> <ul style="list-style-type: none"> <input type="checkbox"/> Is drowsy or has difficulty being awakened <input type="checkbox"/> Has a persistent headache or is vomiting, <input type="checkbox"/> Is clumsy or unable to move a body part <input type="checkbox"/> Has blood or fluid oozing from ears or nose <input type="checkbox"/> Has abnormal speech or behavior. 	<p>HEAT EXHAUSTION: The person will have pale, moist, clammy skin, with pupils that are dilated, subnormal temperature.</p> <p>HEAT STROKE: This is a medical emergency! Call 911. They will have red, dry, hot skin, with pupils that are constricted and a high body temperature.</p> <p>Move to a cooler location, loosen clothing.</p> <p>Cool with water spray or place damp cloth on neck, armpit and groin area.</p> <p>If they can drink provide juice, a sports drinks or water if the others are not available.</p> <p>Turn them on their side if there is nausea or vomiting.</p>	<p>A student may have an Allergy Emergency Care Plan for this condition at school.</p> <p>Remove the stinger as soon as possible with a scraping motion using a firm item (like the edge of a credit card).</p> <p>Use cold compress to relieve pain.</p> <p>If the child has hives, nausea or vomiting, trouble breathing, fainting, or extreme swelling, call 911, or follow their medical plan.</p> <p>ANAPHYLAXIS (food or insect) Call 911 immediately for an Anaphylaxis Emergency Make person as comfortable as possible.</p> <p>If there is a prescribed EpiPen then assist with administration If permission on medical plan, then assist with administration of Antihistamine/Benadryl Loosen any tight clothing.</p>

Revised 11/21/2008

San Juan School District #149

Employee Incident/Accident Report

Describe the accident in sufficient detail to show the conditions that existed at the time of the accident. Any unsafe acts or conditions should be noted.

*** Please FAX immediately to the District Office, 378-6276 ***

All incidents/accidents must be reported to the staff supervisor within 24 hours from the date of incident. Please note that any accident or incident that causes in-patient hospitalization of one or more employees must be reported to L&I within 8 hours. Please note that L&I claims are processed by your medical provider. Report all work-related injuries or accidents to your medical provider to begin the process for Labor and Industries (L&I) claims.

Employee to complete this portion of the report

Employee Name: _____ Date of Incident/Injury: _____
Location: _____ Date of Report: _____
Position Description: _____ Time of Injury: _____ (a.m./p.m.)
Who Incident Was Reported to: _____ Time Shift Began: _____ (a.m./p.m.)
Incident/Accident Location: _____
Describe in Detail the nature of incident/accident: _____
