Most lessons will be delivered as a video demonstration with written instructions, photos or handouts. You can complete the assignment during a time that works for you.

Aim to turn in your work one week from its assigned date.

Most assignments will require the use of your computer's camera to upload and submit your work, instructions will be provided on google classroom

I will review your photo submission and make comments and suggestions. Please add more to your artwork and resubmit if directed to.

Lessons will require basic art supplies you have at home, you may also use sketchpad.io (digital drawing program) if you prefer. I will be giving you supplies as the year progresses.

Office hours are to answer specific questions about the current assignment, mostly in the form of live chat or zoom meeting. You can email me questions anytime.
